

You Have Hopes and Dreams for Retirement that Require Prudent Financial Planning.

ARE YOU ON THE RIGHT TRACK?

Many are “in the red.”

12% How much most Americans have saved compared to what they'll need¹

20% The amount of Americans who don't save any of their annual income¹

70%-90% The percentage of pre-retirement income required for the average American to maintain their standard of living²

18 years The average length of retirement (and increasing) / Retirees should plan for at least two decades of replacement income²

Annuities can help – but how?

- Other than Social Security benefits and pensions, annuities are the only products that can provide a lifetime income.
- An accumulation plan that utilizes annuities can be key to helping you maintain and grow your financial nest egg during retirement.

Learn 6 reasons why Sage Secure Fixed Indexed Annuity may be a smart option.

-  A diversified portfolio of products can help mitigate possible losses and protect potential credited interest
 - A global multi-index strategy linked to three large indexes
 - A domestic option with competitive CAP linked to the S&P 500®
-  No downside risk to help protect your savings
-  10% penalty-free withdrawal per year, starting contract year 2
-  No contract fees (if the goal is accumulation, don't let contract fees weight down your growth potential!)
-  Nursing Home/Confined Care/Terminal Illness rider automatically included at no cost
-  Issue to age 90
